

Community Liaison Committee Meeting
Held on 27 March 2000 at 7.30pm at Waste Management Office

Present: Colin Kendall (Chairman)
Murray Sampson (RDC)
Mick Hunt
Richard Croker
Jim Clough
Bill Earwaker
Paula Howell (ARC)
Chris Wills

Apologies: Bill Smith (Club North), Charlie Earwaker

Minutes of

Previous Meeting: Passed as correct with alterations. *Richard/Bill*
Two Peer Reviewers available to be Community Liaison Committee nominee. Reviewers suggested Mark Drury. Meeting confirmed Mark as CLC representative.

Waste Placement: Most waste placement into upper levels of Phase 8A but “fluff” layer started in Phase 8B mid March.

Cell Preparation: New Phase 8B cell completed. This will take waste for the next nine months.

Pond 3: Construction work on Pond 3 commenced with clay materials being used as final and intermediate on Phase 7, 8A and Phase 5/6.

Leachate Treatment: Evaporator working well but running only 5 days /month with dry weather providing little leachate.

Complaints: The following complaints were examined:

No. 145	15/11/99	D. McKintosh	Light brief odour at sawmill
No. 146	15/11/99	S. Graczer via ARC 17/11/99	Odour
No. 147	2/11/99	M. Radley via ARC	Noise from stripping operation
No. 148	21/12/99	Mike Hyams	Weighbridge fluctuation
No. 149	22/12/99	L. Collett	Odour
No. 150	29/12/99	S. Graczer	Odour
No. 151	12/1/00	S. Graczer via ARC	Odour

No. 152	5/1/00 approx	K. Radley via ARC	LF gas
No. 153	3/2/00	S. Graczer via ARC	Odour
No. 154	7/3/00	L. Collett	Odour
No. 155	17/3/00	S. Graczer via ARC	Odour
No. 156	18/3/00	S. Graczer	Odour
No. 157	20/3/00	S. Graczer via ARC	Odour
No. 158	21/3/00	S. Graczer via ARC	Odour
No. 159	22/3/00	S. Court via R. Croker	Plastic from transfer trailer

Generation: Generation trials successfully completed with plant run under various load conditions
